MEATF Women's Gala 2020 - # EachForEqual

International Women's Day, March 8 is a global day celebrating the social, economic, cultural & political achievements of women. The day also makes a Call to Action for accelerating gender parity.

From grassroots activism to worldwide action, we are entering an exciting period of history where the world expects. We notice its absence and celebrate its presence. Each drives a better working world. Let's all help create a **#EachForEqual**.

The campaign theme provides a unified direction to guide and galvanize continuous collective action, with **#EachForEqual** activity reinforced and amplified all year long.

Collective Action and shared ownership for driving gender parity is what makes International Women's Day successful.
