Watch your e-mails for any flight time changes that may occur prior to your trip. Notification of airline schedule changes will be sent via email to the address given, up until the day of your departure. You may also receive email or text notifications from the airline directly if you have created a communication preference on their website. On the day you are traveling, you can reconfirm your flight times by visiting the airline's website or by calling them directly. It is also recommended that you visit TSA.gov to view current security wait times prior to departing for the airport.

For international flights, we recommend arriving at the airport at least three hours prior to departure to allow time to check in and get through Security. Checking in less than one hour prior to departure WILL result denial of boarding. AV-OK Total Vacation Security does not cover this circumstance. For domestic flights, we recommend that you arrive two hours prior to travel but absolutely no later than one hour prior to travel.

Please visit your airline's website for check-in procedures.
